FYI. We don't have the final. But Division Directors all weighed in guess it did not make it down to the branch level at WECAB.

Thanks, Alex.
My team had been working with ORC and suggests some differences in language on the 3rd paragraph (and breaking it into another).

The track changes has been very cumbersome here, so I just included the suggested paragraphs as a comment.

Please let me know your thoughts on the revised drinking water language. We're fine with whatever version is preferred by ECAD and ORC.

Thanks,
Tera
