Well just in case, the attached form needs to be filled out and sent to the docket manager Amparo Castillo (castillo.amparo@epa.gov). She will generate a docket number and create the docket. Ex. 5 Deliberative Process (DP) is pushing that back on ORD. They know how to open dockets). The FRL is generated when the FR is sent to OP via FR Dailies for review.

Once the docket is created, the documents need to be loaded into FDMS.

But thanks for checking if we need to do it.

Maria, who knows how to request docket numbers in OSAPE? The TIMs used to be able to do it in NCEA.

Hi David. I have seen a lot of docket numbers and FRLs but I've never requested one myself and I am not sure who knows how to do it in OSAPE. I'll need to ask around. '

Can OSCPP get a docket number and FRL quickly?

Thanks.

Mary and Lou,

Attached is the draft NOA FRN for the PFBS assessment. I have made very minor edits.

Mary could you please address the docket # issue and verify the contact person and information.

We need this basic info first thing in the morning.

I could not access the share drive version. Not sure if it makes a difference regarding which one I edited.

Thanks

Here is a first draft using only the mark-up I received from you last Friday, and an old ORD notice Peter found on the web.
We assumed this is a simple announcement of the final tox assessment, so we kept the FR document very short and pulled language directly out of that mark-up. ORD will need to add the following:

- ORD Docket ID #.
- ORD FRL #.
- For Further Information Contact Info: As a comment, we included the POCs that were in the NOA that Peter found. Otherwise we just provide a template for one contact.

It is set for the Administrator's electronic signature.

Attaching as a shared file and as an attachment.

Hope this helps. Let us know if there are other questions we can help with.

As noted, OCSPP has a lot of Notice Drafting experience. We are quite swamped but Angela and Peter are ready to assist Lou. Thanks for helping.
