Subject: Update needed by noon Weds for LA Times interview

Alexis will be having a sit down interview on Thursday with the LA Times. She would like Enforcement and Superfund to provide short updates on the below topics. For Water/Enforcement she wants to discuss our emerging drinking water action plan. Please provide her the latest plan and list of drinking waters systems out compliance (per plan)

Topics to be covered by Tony Barboza:

--Exide and other lead contamination/hazardous waste sites (Superfund)

--Superfund and other cleanups (e.g. Del Amo and other vapor intrusion sites, Argonaut Mine, Fruitland magnesium fire) (Superfund)

--Enforcement priorities and state oversight (Enforcement)

Can you please get this information to me by noon Weds and I will consolidate it for her trip.

Thanks!

Amy C. Miller
