Dear Ms. Strauss:

Enclosed is a revision to the California State Implementation Plan (SIP), consisting of Santa Barbara County Air Pollution Control District (District) rules, listed in Enclosure A. The rules were adopted or amended on August 25, 2016 as part of an effort to streamline the District's New Source Review program.

Also enclosed is Air Resources Board Executive Order S-16-010 adopting the District's rules as revisions to the SIP. To meet the U.S. Environmental Protection Agency criteria for determining that rule submittals are administratively and technically complete, we have enclosed evaluations of the effects of the rules on emissions, evaluations of the rules' consistency with 40 CFR 51, and other supporting documentation provided to us by the District. One compact disc and one paper copy, each containing the revisions in their entirety, are enclosed.

If you have any questions, please have your staff contact Ms. Karen Magliano, Chief, Air Quality Planning and Science Division, at (916) 322-5350 or by email at Karen.Magliano@arb.ca.gov.

Sincerely,

Richard W. Corey
Executive Officer
