Roger is looking. I also asked him to get an example copy of whatever correspondence that was sent to the homeowners by Navy, ANG and Chemours notifying them of temporary suspension of the sampling program.

I'll check with Roger. We may not have received anything in writing. If we did, it was probably via an email.

Rick,

We reported out that Chemours/Dupont Washington Works Plan, Navy, and Air National Guard sent us a notification of "suspension of drinking water PFAS sampling that requires entry into private homes. Will resume sampling once deemed safe."

Can you get me a copy of these notices? As soon as you get a chance – I have to get them into OECAs tracker, yesterday (oh well!).

Thanks,
Joan
