Yes, we are aware and are keeping our fingers crossed. Makes it hard to get work accomplished for you, but we are still moving along and hopefully will get the opportunity to update you next week.

Thank you. Me, too!

Also, I think you and Andrew know this, but the government might shutdown again. If it shuts down, we may not be here next week. We will see.

Hi Kathy,

Sorry for the delayed response. I had (and still have) a sinus infection on Friday and some things did not get done that I wanted to finish.

I just spoke with Roger and we do not want you to send this document to the states. We think it is better to just explain it on the phone for now. I will let you know if that changes.

Thank you,
Jenny

Hi Kathy,

Let me discuss this with Region 3 before you send it. I will try to get you an answer by the end of the week.

Thank you,
Jenny

No we did not, but I can certainly do so. To whom should I send it?
