Subject: Invitation to SPC Advance
To: Wright.Peter@epa.gov, Tesia Moore <tesia.moore@greenblue.org>

Dear Peter,

I would like to extend an invitation to you to attend SPC Advance September 26-28 in Boston, Massachusetts. It will be an opportunity to meet key industry players from across the packaging supply chain. I have included a link for you to review our program. (sustainablepackaging.org/events/spc-advance-2018/)

The event starts with workshops, tours and masterclasses on a variety of sustainability topics. I will be moderating the key note sessions that will cover key trends and opportunities including challenges faced by cities and industry. The conference also has a series of main stage sessions on ocean debris looking at both the problem and the emerging solutions. There will be break-out sessions on mechanical recycling, chemical recycling, composting, responsible forestry and other topics. Friday will host a session featuring all the New England States talking about recycling and legislation from their unique perspectives.The Sustainable Packaging Coalition has a broad membership that includes resin companies and raw material suppliers, converters, retailers, brands, food service restaurants, waste management companies and government.

I hope you will be able to join us. I have copied Tesia Moore on this note who will be happy to register you if you can attend.

Best regards,

Nina Goodrich
