**Flag**: Follow up

Dear DO Early Action Workgroup Members,

As you may recall, a year ago we met with Philadelphia Water Department's DO Partnership to ask what early actions dischargers could take to lessen DO impacts while modeling and criteria development are underway. Slides from that meeting are attached to refresh your memory.

The DO Partnership will be asking us back to a meeting in December to follow up on our request. They are currently trying to find a date and time sometime during the **week of December 14th**. If you could hold that week (to whatever degree is reasonable) I'd appreciate it. As soon as I know an actual date and time, I'll pass that along.

Thanks and I'll be in touch soon,
John Yagecic
