Importance: High

Attached are the electronic copies of the Region 7 Final, Excel and Scribe R7LIMS data files for ASR #8209 (Alt-En Ethanol Plant – NDEQ ASR).

In addition, the scanned Region 7 COC and R7LIMS field sheets are attached to the above copy of the final R7LIMS data transmittal for ASR #8209. Please ensure that you file this electronic (.pdf only) transmittal in your records management system. The Regional Laboratory will now retain all the electronic or original hardcopy documentation (e.g. COC[s] and the LIMS field sheet[s], etc) according to our ENST records management system.

Please complete the online ASR Sample/Data Disposition and Customer Satisfaction Survey for ASR #8209.

Please be aware that if you do not complete the online ASR Sample/Data Disposition and Customer Satisfaction Survey within **30 days** of the final data transmittal, all the samples for this ASR will have a waste determination made and scheduled for disposal.

We look forward to hearing from you. It is critical that we receive your response in accordance to RCRA and the laboratory accreditation.

Thank you!
