Chad:

Thanks for the kudos.

Ex. 6 Personal Privacy (PP)

We (me) are hoping to get this re-proposed for pubic comment in the Fall, but who knows. Things may get delayed until after November 2. I really have no idea at this point.

Please feel free to give comments + - or otherwise on the Decision Tree. But I will need something in writing to pass by my management.

Thanks, again

Importance: High

To All:

I am requesting a VERY informal review and comment of a proposed Plant Regulator Decision Tree.
This tree was created in response to comments received on the Plant Regulator Guidance document of March 2019.
The proposed decision tree and accompanying "Explanatory Notes" have been under review by HQ OGC, but I have not had a response from them yet

BTW: The Explanatory Notes **ARE NOT footnotes to the Tree.** They are just additional supporting information.

The Plant Regulator Guidance has been updated in response to the comments, but it is still under internal review.
Responses to Comments themselves have been completed and are still under internal review as well.
I hope to have the updates out for Agency review before I retire on Sept 30.

Please distribute to anyone you believe would have useful input in your shops, BUT KEEP THIS INTERNAL, and please respond as soon as you are able to .

Thanks in advance

Russ J
