Jay,

This looks like a solid, well thought out plan. As always, we may find the need to adjust depending on observations.

Zeb –
We can leave promptly at 9. It should be interesting. At the same time, I think we will find we don't have a lot to gain after taking a look and completing an initial review. If we are there more than 2 hours, it will likely mean we identified areas of concern.

What do you think of this for an inspection plan:

Ex. 5 Deliberative Process (DP)

Audrey signed the one-time 30-day extension (it's all we have authority to offer). You should be getting a copy from Naveed.

Jay,

I have a vehicle reserved for the day. We can go whenever you're ready. I would prefer to leave the office no later than 10:00 a.m.

Jay: Thank you for your prompt attention to the 30-day extension request.

A Tuesday Site visit should be fine as Clean Harbors, Inc. (CHI) expects their activities will take 3 days to complete.
