Subject: November 20-21 Opportunity for ELMS Post-Deployment Training for managers and process-owners

Colleagues,

What's next for ELMS? I write with an invitation to some excellent, short (90 minute) training that is coming up in a few weeks.

We are doing great, but we can always improve – and that's the focus of these upcoming training sessions. We are pleased to welcome **Stefan Martiyan**, Director of the Office of Continuous Improvement, to Region 5 for in-person ELMS post-deployment training. I had an opportunity to hear Stefan last week at the ELMS Summit. He's an outstanding resource. He has been a manager who implemented ELMS in the last year, and has a great perspective on it.

Who Should Attend? All Region 5 managers, supervisors, and process owners are encouraged to sign up for one of the 1.5 hour sessions held on November 20 and 21, 2019.

This will probably cost a lot of money, right? No! The sessions are completely free to the first 150 managers and process owners who sign up. That's right - completely free!

How do I get my first choice of session? Make sure you sign up for a session quickly, before they fill up.

I'm sold, and can't wait for the training. What do I do now? You will soon receive four separate Outlook meeting invitations from Mayra Maldonado for this training. Only accept one training invitation (each training is limited to 25- 30 people). Please sign up.

If I had to state the purpose of the training in a single sentence, how would I do it? Try using this: the training will provide attendees best practices and specific guidance on a variety of topics, such as how to overcome post-deployment hurdles and how to make visual management tools more effective, and the training will increase collaboration and benchmarking.

Thanks!

-Bob
