Talking points regarding funding:

- March tribal forum in NYS d_Poohle document

So statements about 106 are always in our Q&As because we talk about EPA engagement prior to assumption and mention the WPDGs there but the 106 when asked about what funding is available. Sorry. Attached is an example of a Q&A

Hi,
Do you have something already prepared laying out existing EPA funds that can help with states standing up their programs? See Nebraska's request below.

Thanks!

Mindy or Brian,

Could you and the team pull together funding opportunities that a state could use to assume the 404 program.

Lee

Jim,

There is not extra Section 106 money available but there might be additional Wetlands grants that can be used. We can get you more info on that.

Can you help expedite this information request.

Also for Lee

Is there any opportunity to receive addition 106 or other grant funding to help us stand up a 404 program>?

FYI, this is what I just sent John.

Thanks,
Laura

Subject: CWA 404 Program Assumption Request

Good afternoon John,

Thank you for taking my call yesterday. With regard to the items you stated your office was to provide the Department, I would like this to serve as our formal request.

Please provide the USACE's cost to run the CWA 404 Program in Nebraska, including overall staffing numbers. In addition to that, please also provide the number of nationwide and individual permits issued per year, by type of permit including the nationwide number as well as the number of staff per permit going back 10 years.

Thank you,

Laura Johnson
