Thanks for the update Audra. You probably saw that our call with the AA for Water was moved to Wednesday 3:30-4:15 so we have a little more time. Let's touch base tomorrow afternoon.

Good morning, Matt and Kavita,

As promised, please find a copy of my preliminary findings. I will follow up as soon as I have developed my section B. So far, I do not have a brief answer yet.

Best,

Audra

Pretty quick. Probably by mid-late next week. Would you be able report out on what you have found thus far by Monday afternoon? We have a call with the AA for Water Tuesday morning so it would be helpful to have a sense of what you're finding before then. You should attend that call by the way.

Audra,

Kavita and I were wondering if you had time for a follow-up research project related to your NHPA 106 consultation memo. If not, let us know and we can send it out to the rest of the interns.

Thanks and please feel free to call me or Kavita.
