Hi Catherine – I just saw the briefing materials you sent, which came just minutes after Mary sent the email below with the attached Powerpoint. I understand Mary talked with John this afternoon, but I haven't yet heard the results of their discussion. Tom

Ann and John,

Attached is the powerpoint we plan to use to tee up the conversation on FLA 404 tomorrow. We anticipate going through the 5 background slides very quickly, leaving the discussion for the final two.

The appendix materials are for Dave's reference only and will not be addressed during the presentation.

Thanks for moving this so I can make it and my business review. That is very much appreciated!
Talk to you tomorrow,
Mary
