Subject: Updated Q/A on State Assumption and the Army Memo

Folks—consistent with the Acting Administrator's direction, please find an updated Q/A document that includes an item on the basic steps that a state and EPA would follow for assumption of the section 404 program (the update is the new second to last Q/A and a slightly revised last Q/A). Also attaching a copy of the Army memo.

I am also including the documents that we were provided this afternoon (note we did not have a chance to review them and am concerned re some of the representations).

Dave let me know if you would like anything else (though it sounded like you had this issue down pat).

Thanks,
John
