Hi, everyone – I'll be sharing these three items at today's briefing for Mary. I'll have hard copy for everyone in the room, so no need to print.

Purpose of Meeting:
Prepare for meeting with the RA

Background:
EPA Region 4 staff are maintaining regular communication with FDEP in regards to the State's exploration of Clean Water Act Section 404 assumption. FDEP provided EPA staff with a draft EPA-FDEP Memorandum of Agreement (MOA), which is a required component of a submission package for any State/Tribe that wishes to assume the Section 404 program. The draft MOA, among other things, sets forth the categories of Section 404 permits that FDEP would agree provide to the EPA for review. FDEP has requested that EPA provide them substantive feedback regarding our perspective on the requirements of the MOA during a meeting that is scheduled in Tallahassee during the week of 12/11/2017.

Expectations from Meeting: Feedback/direction on how best to present options to the RA regarding EPA's proposed requirements of the draft MOA.
