Subject: 404 Assumption - Documents requested

Trey,

Attached are the requested documents from the 11:15 call: the MOA, the ESA language and the legal analysis provided by FL this morning. I have also included the flow chart on ESA which we received from FL last week.

The MOA represents the most recent proposal we have received from FDEP, we are still reviewing their most recent edits.

Please let me know if you need additional information.

Thanks
Jeaneanne
