Subject: City of Maquoketa Meeting Follow Up

Good afternoon,

An idea was raised that instead of providing TBA assistance to the Clinton Engines site, assistance could be provided to a hospital instead. However, I did not catch all the details about 1) the name of the hospital, 2) what assistance is already being provided to the hospital, and 3) why TBA assistance would be duplicative/ unhelpful.

Do you have any answers to these questions about the Maquoketa hospital or is there someone else I should contact to find out more?

Thank you and have a wonderful, extended weekend.

Sincerely,

Lisa Dunning
