Good afternoon Brad,

I have been speaking with a few Brownfields and Counsel folks to figure out how to proceed with this TBA application. The next step is to look at our bandwidth to see how much money we have for new projects. I am hoping to look at our funding and consider additional funds we may need to award to our existing TBA grants (e.g. 85% of funding was spent for Red Earth and 31st and Prospect TBA projects).

All of this being said, this meeting is because of a TBA application, which I will fill you in on the background info, but I am primarily hoping to talk to you about TBA funds during this meeting.

If you prefer a different time, please let me know.

Thank you,

Lisa
