Yolanda –

I took a look at the talking pts/Q and As. Looks good. I put a few comments/suggestions into the attached Word file.

Wayne Praskins | Superfund Project Manager

Thanks for passing this on. I have just a few comments.

Ex. 5 Attorney Client (AC)

Otherwise, looks good to me.

Subject: HPNS | Draft presentation and talking points/Qs and As for Aug 26 HPS CAC meeting

Brianna,
On the evening of August 26, 2019, I will provide a brief presentation at the Environmental & Reuse Subcommittee of Mayor's Hunters Point Naval Shipyard Citizen's Advisory Committee (HPS CAC). My presentation will be after the Navy's

longer presentation of their work at the site. We understand the Navy's presentation will cover the following topics: Historical Radiological Assessment (HRA), which may be video production; soil reference background sampling; the Five-Year Review, including the long-term protectiveness evaluation of soil with a discussion of RESRAD and PRG calculator inputs.

For your legal review, attached is my draft presentation and a document with talking points/Qs and As.

I sincerely apologize for the timing. It's been a much, much busier month than expected. Getting these documents to you this late is not my preference, nor my typical style. I appreciate your quick attention.
