Subject: Meeting re. CES Technical Review Letter

Hi David and Calvin,

Thank you again for taking the time on Wednesday to discuss the next steps of the review process for the Class VI Permitting Application.

Would it be possible to set up a meeting next week to discuss questions that the technical team has with respect to the Technical Review Letter (August 19, 2020)?

If you let me know your availability, I can set up the meeting.

Hope you have a nice weekend and that your aren't heavily impacted by the recent fires in California.

Best regards,
Natalie
