Hey David,

I am sure that Kate and Calvin gave you a heads up on this while you were out. OW is interested in a briefing on the CES project. Attached is the current version of the briefing document that was put together. Jennifer would like to move forward with the briefing document and not use the ppt that was created. I believe that Jennifer recently had a conversion with Tomas about this (I believe it was last Friday). We wanted to check-in to see if there are updated to the timeline for the project.

If you all could send us a revised document tomorrow afternoon, I would really appreciate it. I have asked to send it up to OGWDW-IO by COB tomorrow.

Cheers
Bill
