Hi Desean and Janet,

My manager told me that you two are the assigned attorneys for UIC Class VI matter, so I am sending to both of you the attached draft CES permit (for the first proposed Class VI project in R9). Please let me know if ORC has any comments/questions on the draft permit by 6/25.

Note that this draft permit was developed using the Class VI permit template created by EPA HQ. The attachments of the draft permit are under development and should be available next month. Please let me know if you have any questions.

Thanks,
Calvin
