Yup, the abstract was submitted in STICs this week and I think I am good to go. I just wanted to make sure you don't have any objections to being on the abstract.
Ex. 5 Deliberative Process (DP) There were only a few dermal folks on the candidate list. I was going to run the names by you to see if you are familiar with any of them.
Maybe we can chat today or early next week?

Hi Kathleen - That was realy nice of you to include me. Please let me know if there is anything I can do to help. No, I am not a member of SOT. Thanks again. I hope you are doing well out there. I assume that you are handling clearance (STICS) and that nothing is needed from this end. Take care. Linda

Hi Linda, Ex. 5 Deliberative Process (DP)
Ex. 5 Deliberative Process (DP) Let me know if you have any issues with the abstract. It has already been approved by management, so I'm hoping to avoid major changes.

Also, are you an SOT member? I'm assuming not, but just wanted to check! (They require this info upon submission.)

Hope all is well with you!
