Date: Monday, January 12, 2015 7:11:41 PM

Thanks for the additional information, and for being willing to firm up dates with Bernie, Kay, the FYR contractor, Simplot, FMC, IDEQ, and the Tribes once we've selected a couple of days.

It looks to me as though March 12-13 are the best dates for an EMF public meeting with FYR component, but March 3-4, 10-11, or 11-12 would also be workable for you, me, Bernie, and Kay.

Feel free to select any of those dates based on input from FMC, Simplot, or the Tribes. My FMC contact is Marjo Carpenter. She and I have traded voicemails and she's "it" right now. Beth will be visiting with Marjo and others from FMC at EPA's office on Wednesday. Marjo's telephone # is (267) 253-3974.

Thanks again. I'll plan to see you January 28.

Oops. I just remembered that I need to be in Seattle on Thursday and Friday of the week of March 2. Also that Sunday evening, March 8.

I don't think that prevents us from scheduling that week but it may affect the days we choose.
