Subject: Canadian Radium and Uranium Site - Preliminary Soil Analytical Results
Attachments: removed.txt; CRU_Table 8A_Rad Soil Analytical Results_v02.pdf; CRU_Table 8B_TAL Metal Soil Analytical Results_v02.pdf

Eric,

Please note that on the attached tables and prior soil analytical tables for the NFB and HTC sites, empty cells indicate pending data that we have not yet received from the lab. These tables will be updated again in the future as the data becomes available.

A map with the estimated excavation area will be sent to you early next week and the figure for the soil analytical results will follow later.

Thanks,

Ben Nwosu
