I can also work with Rich on getting things together for you. Make you he has the GPS we set up earlier.

Darren,

I will be out of the office next week at OSC Academy. I need the instrument by Wednesday, December 7th so we have a day in the office with it to make sure we can get everything to work properly.

Please ship to Rich Wickersty at the address Mike provided below. Rich's phone number is 732-452-6445 or 908-510-5382.

Thanks so much.

Darren,

If you could ship it out this week that would be great as Dan and I could give it a quick VIPER test before he deploys it.

Hi Michael,

Harry gave his approval for use to send you a Viperized 2241 w/3X3 probe. When do you need it to arrive and what is the "Ship to" address?

Thanks,
