Hi Jonathan,

It looks like June 24th would work for a brief meeting in our SF office. Maybe sometime in the morning? Let me know what would be convenient that day. Thanks, David

Hi David,

Thanks for getting back to us. It would be great to meet you and chat / get your perspectives on the UIC/aquifer exemption process, especially in person (to associate names/faces). I'm in Bakersfield every Mon-Thu and in the Bay Area every Fri-Sun. Would Fri 6/24, Fri 7/1, or Fri 7/8 work for a quick in-person mtg at your SF office (or elsewhere in the Bay Area)?

Best Regards,

Jonathan P. Lilien, D.Env.

Hi Gary,

Thanks for the message. I hope you are doing well. I would be happy to set up a time to talk with you and Jonathan about UIC/aquifer exemption issues. In terms of scheduling, I am on leave starting midday June 9 through June 17, but otherwise can work in a call. Let me know what would be convenient on your end.

Regards,

David

Subject: California UIC/Aquifer Exemption Deadlines

Hi David,

You may remember me from my time in the Region 9 Water Division. I was recently chatting with my colleague, Jonathan Lilien (Chevron's San Joaquin Valley Technical Services Manager for Health, Environmental and Safety), who is copied on this email message. Jonathan mentioned that Chevron is acutely aware of the impending UIC/aquifer exemption deadlines in California and that completing the aquifer exemption process is critical to maintaining Chevron's SJV production and providing fuel to California consumers; thousands of barrels per day of production are at stake for Chevron alone. Chevron is committed to doing what we can to facilitate the UIC/aquifer exemption process, but given the current pace, we are concerned about how the agencies (DOGGR, SWRCB, EPA Region 9) will be able to meet the looming deadline.

Jonathan would like to discuss with you the Region 9 perspective on how the process is going and if there is any assistance or information we can provide to move the exemption forward more expeditiously. Please let us know when we can schedule a time to discuss this with you.

Regards,

Gary Wolinsky
