Michael - Thank you for verifying, and wow, you have a lot on your plate.

I will set up a 30 min session for us to go over the spreadsheet for the 3 sites that HQ is interested in. They basically want to know info about ICs, VI, limitations in State or local implementation agency resources, and other factors that may potentially be stalling the SWRAU process.

Thanks,
Cynthia

I am RPM for the three sites below, as wells as San Fernando Valley Area 4, Montrose OU6, the Triple Site OOU, and Philips Semiconductors (but not an NPL listed site).

Hi Michael,

How's it going? I have been tasked with providing Headquarters with information on SWRAU projections for a list of sites that they are particularly interested in. I have in my list that you are the RPM for (1) Advanced Micro Devices; (2) Intersil Inc/Siemens Components; and (3) TRW Microwave Inc. Can you please verify that this is correct? If you are current RPM for these sites, I have some additional follow-up questions.

Thanks,
Cynthia
