Well this is certainly a new wrinkle. I'll reach out to the RB to get more details in advance of our aquifer exemption discussion next week.

There was a meeting with D4 and the CVRWQCB to discuss aquifer exemptions and process and status in Kern Co. Attached is a letter from the Board re: their interest. There will be a meeting on May 9 at D4 office including the Board and operators with disposal at the Kern River and Kern Front fields to discuss aquifer exemptions and to move this forward. And follow-up coordination with D4 and the Board.
Thanks - Dan
