1. GTE LLC (as successor to GTE Corporation), GTE Products of Connecticut Corporation, GTE Operations Support Incorporated, Osram Sylvania Inc., and Verizon Communications Inc. (hereinafter collectively "GTE") and the United States of America ("United States") (collectively, "the Parties") contend that each of them has a claim against the other pursuant to the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. § 9601, et seq. ("CERCLA"), and potential claims under state law, for cost recovery, performance of response actions, contribution and/or damages for injury to, destruction of, or loss of natural resources (hereinafter "the Tolled Claims") arising out of past, present, and future response actions taken to address the release or threat of release of hazardous substances at or from the New Cassel Hicksville Groundwater Contamination Superfund Site and the former Sylcor nuclear fuel production facility located at 70, 100, and 140 Cantiague Rock Road in Hicksville, Town of Oyster Bay, Nassau County, New York

2. The Parties, in light of their mutual interest in exploring settlement discussions before the Tolled Claims are filed in court, entered a Tolling Agreement commencing March 1, 2007 ("Tolling Agreement").

3. The Parties, by written extension of the Tolling Agreement signed by the Parties, including in June 2013 (the "June 2013 Extension of Tolling Agreement"), January 2014, July 2014, December 2014, June 2015, December 2015, and June 2016, agreed to, among other things, extend the "Tolling Period" from its original commencing date of March 1, 2007 until August 15, 2016.

4. To allow settlement discussions and related activities to continue, the Parties hereby agree to further extend the "Tolling Period" from its original commencing date of March 1, 2007 without interruption until December 15, 2016 inclusive.

5. All other provisions of the Tolling Agreement, including the revisions made applicable thereto by the June 2013 Extension of Tolling Agreement, remain unchanged and shall continue in full force and effect.

6. This Twelfth Extension of Tolling Agreement is effective immediately upon execution by all of the Parties, without the requirement of filing with any court, and may be signed in counterparts.
