Subject: Status of Extension Request for Comment Period for the Proposed AOC and SOW for the Navy's Red Hill Fuel Tanks?
Importance: High

Aloha Jared and Keith,
Since the July 1st deadline for comments is fast approaching, can you update me on whether or not you will be granting an extension to the public comment period for the AOC and SOW since 5 copyrighted documents listed in the Administrative Record were not available for public inspection on June 1, 2015. I understand that these documents were not available until June 18, 2015. This is the basis for our formal request for the extension of at least 17 calendar days. Please let me know if the extension request has been granted and what is the new deadline for receipt of comments. Mahalo!
