Hey Mark,

Here is the electronic version of the work plan. I have requested they send you a hard copy as well.

It was mentioned during the meeting back in October that we would get comments to them by about January 10. Since I will be out the last two weeks of December I'm going to push the comments back a bit. Do you think you can have your comments to me by January 17? I will attach yours as stand alone comments and not try to incorporate them into mine, even if some of them are duplicate.

Please let me know if January 17 works for you.

Sincerely,

John
