Subject: FW: Imidacloprid PID for RD SRA review

Good afternoon Tom,

Below is a SharePoint link to the eagerly awaited draft imidacloprid Proposed Interim Decision (PID) for PRD peer review. This PID is likely to get plenty of public scrutiny so the more input the better. We gave the team till COB Monday, December 9th for comments but if you need more time just let me know. I apologize for the short turn-around on this. Attached is also some important recent supporting documents not included in the docket.

Link to SharePoint page for comment:

Thank you for your help and patience on this! I really appreciate your input.
