Public Meeting:
PFOA in Drinking Water

Presented by Healthy Hoosick Water Inc.

Speaker: Judith Enck,
Regional Administrator, US Environmental Protection Agency

January 14, 2016
6:00 pm

Hoosick Falls Central School, High School Auditorium
21187 NY 22 • Hoosick Falls, NY 12090

This meeting is open to the public and the program will include experts from EPA Region 2. There will be an open forum for discussion. Please bring any of your concerns and/or questions.

Information on PFOA will also be distributed.

Healthy Hoosick Water, Inc. (HHW) is a not-for-profit corporation created for the purpose of obtaining the clean up and restoration of the Hoosick water supply and to seek remedies for the environmental and public health problems associated with the use and disposal of PFOA in the Hoosick area. HHW is chaired by Dr. Marcus Martinez. This meeting is for the purpose of conveying information to the public and to encourage a productive dialogue.
