Dear Ms. Lambert:

Enclosed please find a communication from my constituent Ethan Vorhes regarding his livestock on his farm near Marble Rock. He states that his cattle and a few other animals are losing their hair and dying. He has also seen a family of bald eagles that have eaten the dead cattle and they have also perished. He hasn't determined the cause, but maybe thinks it could be a sink hole on his property that does not drain.

I would appreciate any assistance you could provide pertaining to this matter. Please mark your return correspondence to the attention of Jason Mohr when responding to my Waterloo office.

Thank you for your attention to my request.

Sincerely,

Chuck Grassley
