Hi Lindsay,

Can you find out more about the Services' comments on the industrial stormwater general permit – or Matt, do you know about NWEA's points about that already? I'm not aware of the Services comments on the general permit. I recall there being some issues that the Services identified but I thought it was on a specific permit (maybe Longview?). Thanks.

Subject: RE: WA Toxic Criteria and AWB Petitions

David, to your last point, Matt has been digging up some old spreadsheets we had developed to compare WA's criteria to our current 304a, and to values in OR and ID where we had received corresponding jeopardy opinions. I'm not sure how much we can say WA's current aquatic life criteria protect WA's designated uses, but we can at least say which are consistent with our 304a (i.e., for which we don't have any newer/better recommendations). We'll try to have this sent around for discussion at our 3/7 meeting.

-Erica

Subject: WA Toxic Criteria and AWB Petitions
When: Tuesday, March 07, 2017 1:00 PM-2:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: HQ-Room-WJCW-6124-50pp

Dial in: **Ex. 6 - Personal Privacy**

Note that this is an EPA (internal) meeting for staff and BCs to discuss two petitions: 1) the complaint by NWEA regarding EPAs response (or failure to respond) to the NWEA petition to update the WQC for toxics in WA and includes a no action reference on arsenic, dioxin, and thallium; and 2) the AWB petition to withdraw the federal rule in WA.

Ex. 5 - Deliberative Process / ACP

Agenda

1. Discuss the WA petition from NWEA

NWEA petition response.pdf

Response to NWEA May 2016. Is there an email record of sending this petition response to Nina?

2. Discuss the AWB petition
