We started getting word late yesterday afternoon that the IO wants the responses to the Qs sent forward by midday tomorrow, Wednesday 8/30. Some of the Qs have been revised by the IO based on what I saw from one group of Qs sent back (OPs), so pay close attention to what you get back.

Thankfully, I think everyone had mostly prepared responses to all the Qs originally sent for review. You may have been contacted by someone in FEAD late yesterday afternoon asking for this by COB today, but I pushed back and got a few more hours (which is all they would give…).

Let me know if you have heard from your friendly neighborhood FEAD communications rep ☺

Hi Darlene,

Attached are the Qs for the various topics as requested – atrazine, OPs, chlorpyrifos, glyphosate and neonics. Folks from across the relevant OPP divisions have reviewed and contributed to their development. Let us know if you have any comments or questions.

Best,

Neil

Hi Yu-Ting,

I'm following up on the request for Qs&As for the Dourson hearing. Does PRD have any to provide?

Thanks Darlene. I will have my folks develop Q&A for chlorpyrifos, glyphosate, OPs, atrazine (I believe these are the ones that Rick names in staff meeting). Can you check with him to see if he thinks one is needed for the neonicotinoids? Thanks.

Hi Yu-Ting,

Sven a little clarification on the "murder board" questions for the Dourson hearing. I will look through press questions and congressional inquiries on some of our hot topics.

Darlene – here are some examples of mock hearing questions from the OECA confirmation hearing. Folks should focus on big picture questions, things that Congress has been asking about and topics showing up in the press. Please let me know if any questions. Thanks,

Sven
