Can someone verify with them that the due date is 3/7 and see if they can meet 3/7 or if they really need the extra day to 3/8?

It came up on the Subpart S call we had last Thursday afternoon.

I guess they are just asking for a one-day extension, then, until March 8th.

Is there any problem with still granting the request? If we are not going to get back to New Indy today, I'd like to know so that I can call opposing counsel and give him a heads up and also relay that I made a mistake last week when I told him the response was due today.

Thanks,

Marirose

Not sure where the 2/28/2022 date came from, but 45 days is 3/7/2022.

Can someone help me out? We issued the 114 letter on 1/21/22 and it required a response within 45 calendar days. Doesn't this make the due date 3/7/22? Where did 2/28/21 come from? Did I make this up?

Subject: RE: CAA Section 114 Information Request

Kevin,

I am writing to request an extension of time to respond to EPA's January 21, 2022 Clean Air Act Section 114 Information Request. As you know, EPA's Request is 17 pages with 88 questions, many of which contain multiple subparts. As you may also know, New-Indy Catawba purchased the mill from another owner effective January 1, 2019. We have been working hard to compile materials responsive to the Request, and submitted to EPA the first set of documents on February 18. We continue to review New-Indy's records, and records of the former owner in a continuing effort to respond to EPA's Request. Given the scope of EPA's Request, we respectfully request until March 8, 2022 to respond to EPA's Request. We appreciate EPA's consideration of New-Indy's request for extension.

Thank you,
Tony
