Susan,

I am working on your request today. However, if CDC has received a FOIA request for data originally submitted to EPA, my understanding is that CDC needs to forward that request to EPA for EPA to respond. I have cc:'d Earl in case he wants to add to this. Thanks.

Hi Mike,

CDC has received a FOIA request for the CBI materials that we shared with them for their analysis.

Can you please provide the documentation from Oxitec that extends the confidentiality to CDC? They are not going to release it, but would like to have something to give to their FOIA office.

Thanks,

Susan.

Eric,

Regarding the subject FOIA, I have been informed that DFWED was not involved in this and would not have any responsive documents. Within NCEZID, it should go to DVBD; NCEH may also have documents.

Thank you,
