Dear Hope:

This email is to inform you that, effective October 1, 2017, AgroSource, Inc. and Geo Logic Corporation have appointed James Messina of Exponent, Inc. as our authorized representative to EPA in all matters pertaining to OPP actions/registrations associated with AgroSource and Geo Logic. For your convenience, copies of the agent change letters mailed to EPA are attached to this email.

We understand and are fully aware of the on-going discussions that have been taking place between Bert Volger of Ceres International and your office regarding the PRIA due date of October 5, 2017 for the streptomycin Petitions 4E8236 and 5F8427. Jim has brought himself up to speed on these matters and will be emailing you on Monday, Oct. 3 with our response to your latest proposed PRIA date extension.

Thank you for your attentions to this matter. If there are questions, please let us know.

Regards,
