DWO 01 NFB May 23.pdf
NFB T&D Estimates 09-23-15.pdf

All, Attached is the signed work order.

Janelle, please review the attached disposal estimate document for the Rad Sites in Niagara Falls.
Please let me know what else you may need and talk with you soon.
Thanks

Good Afternoon:

Susan, welcome to the team!!!

Attached is the revised DWO based on our discussion this afternoon. Also attached are the two T&D facilities Weston researched for us to obtain estimate numbers for our action memo. This would be a good place to start regarding container types and eventual T&D bids. Please reference the Niagara Falls Boulevard Site and Weston Health Physicist (Robert Shoenfelder-R.Schoenfelder@WestonSolutions.com) when talking to the representatives.

Please remember to let me know how Guardian handles waiving liability for the property owners in regard to GES personnel being injured during site activities. Typically we are able to get property owners added as additionally insured on our contractors' insurance.

Eric,
The work order at the top reflects the HTC site not NFB.

Importance: High

Attached is the revised SOW and draft DWO. Please assist in finalizing. Also, please provide new FCA email and phone information.

Regards,

Eric
