Hi Dahnish,

I emailed David about posting the teleconference information on the web (i.e., the phone number and URL) and we are hesitant about posting that information. He said that we really only want people who have preregistered for the meeting.

Thanks,
Tracey

Subject: Chloroprene Agenda for Virtual Face-to-Face Meeting

Hi Dahnish and Paul,

Thanks for the proposed agenda; we were also drafting an agenda the other day and appear to be on a similar thought process. I have tweaked ours some to match yours (see attached). I included the EPA Uncertainty Analysis with Paul/Dustin (15 min) for now.

To answer your question below: Yes, Versar will arrange a speaker pool for callers, and mute others, to avoid background noises.

Tracey

Cc: Schlosser, Paul <Schlosser.Paul@epa.gov>; Bottimore, David [USA - EMP] <DBottimore@versar.com>
Subject: Chloroprene Agenda for Virtual Face-to-Face Meeting

Hi Tracey/all – Our management had a call with Ramboll about the virtual face-to-face meeting in October (specifically about our joint timeslot at the beginning). They were chatting about a proposed agenda (see attached file). Probably the most important parts to include are the time slots below for Kris, Robinan, Harvey, and Paul Schlosser. I'm moderately concerned with timing given all the questions we have to discuss, but I trust you all to keep us moving agenda wise if we get stuck at any point.

Additionally, they had one question for you in the notes ("Will Versar arrange speaker pool for callers, and mute others, to avoid background noises?). I believe the answer is yes, but I'll have you all confirm.

- 9:30: EPA Request for Correction and Request for Reconsideration: Kris Thayer (10 min)

- 9:40: PBPK Model development, laboratory work: Ramboll: Robinan, Harvey (30 min)
- 10:10: EPA Uncertainty Analysis: Paul Schlosser (15 min)
