Subject: RE: CAA 105 Grant Funding for Fiscal Year 2021

Hi Jer,

You can apply for an additional $105,000 to extend this project, however I cannot guarantee the funds will be awarded in your final FY21 amount until the extension is officially approved by my management and it is determined additional funding will be available in FY21.

Thanks!

- Angie

Subject: RE: CAA 105 Grant Funding for Fiscal Year 2021

Hi Angela,

We would like to request an allocation for $105,000 to the Imperial Valley and Mexicali Air Quality Alerts and Forecasting project. This is an additional project that will be included in the application that was not listed on the initial "Please Apply letter". Attached is the overview and justification for additional funds.

Please let us know if you need anything else.

Thank you,
Jer Yang

Hi Jer,

I am not aware of any additional special projects to be included in your FY21 grant at this time. The FY19 grant includes funding for several projects, and I intend to extend the project/budget period for at least another year once I receive justification for the currently funded special projects.

The estimated PAMS amount is $4,159. This is included in your base funding amount.

I hope this helps.

Thanks!

- Angie

Hi Angela,

I didn't see any funding allocated to projects / PAMS. Could you please confirm there are no projects for FY21?

Thank you,
Jer Yang

Good Afternoon,

EPA Region 9 invites the California Air Resources Board to apply for CAA 105 funding for Federal Fiscal Year 2021. Attached are your "Please Apply" Letter and application guidance documents.

Your final application should be submitted through Grants.gov by **June 30, 2020**.

If you have any questions or concerns, please feel free to call or respond to this message.

Thanks!

- Angie
