Subject: Area 40 RDIP #2

Hi Everyone – Per the December 14, 2018 Voluntary Cleanup Agreement, between the California Department of Toxic Substances Control and Aerojet Rocketdyne, Inc., I am hereby notifying you of the availability of the Final Remedial Design and Implementation Plan for the second portion of work at Area 40. This plan includes, as appendices, the Construction Quality Assurance Plan and the Health and Safety Plan.

You will soon receive an email from Ms. April Maiorino providing you a link to the document. Instructions on how to download the document will be included in the e-mail. If you have any issues with retrieving the document, please let me know.

I will be sending one hard copy of the document to you early next week. We are currently scheduling field work to complete the design of the PRB and anticipate the final design of the PRB in early July. Thanks! Chris

Christopher M. Fennessy, P.E.
