Subject: Area 40 Remedy

Hi Lynn – Under CERCLA, AR is required to meet the substantive requirements regarding permits, but we are not required to pay the fees or obtain the actual permit. The EPA-DTSC MOU states that OU-10 will continue to be subject to all CERCLA, NCP, and EPA requirements. Is it your understanding that we will not be required to obtain permits (grading permit, air permit, etc)? We will definitely meet the substantive requirements. Thoughts?

Thanks, Chris
