Hi Dave,
In the attached I broke the PFAS section into 2 parts with the second part discussing the additions following EPA determinations.

Hi Dave,
Good edit, I forgot we added some. In the attached version I changed it to read:

- TURI requested the addition of 25 chemicals to the TRI list, 3 of which have been subsequently listed via unrelated actions
- The TRI program has concluded that 12 of the remaining 22 meet the listing criteria

Thanks Dan. Looks good to me. Once we have this sort of material prepared for each of DCB's responsibilities, we'll merge into a common format/presentation.

Would it be more accurate to add this edit, or something similar re: TURI? "TURI requested the addition of 25 chemicals to the TRI list, some of which have been subsequently listed via separate actions" and then add a word to the next bullet, "The TRI program has concluded that 12 of the remaining 25 meet the listing criteria"?

Hi Dave,
I added info on the NDAA automatic additions and did some condensing. Let me know if you have any comments/edits.

Looks good. We may rearrange and/or condense things a little to highlight certain points but you've mostly provided the info that we need. Ex. 5 Deliberative Process (DP)

Hi Dave,
Attached is a rough draft of the information you requested on the chemical additions. Please review and let me know if I'm on the right track and if there is anything else you would like to cover.
