Subject: ILMERAC: final draft agenda & presentations for 5th Conference Call

Dear Colleagues,

Please find attached the final draft agenda and five of the eight presentations for the conference call of tomorrow. Please note that some colleagues will provide their update only verbally, others are still working on their presentations and promised to send them soon. I would like to thank Chris Roth who kindly offered to provide an additional update on

the activities of ANSES. So, we have 8 presentations tomorrow and I skipped the regular agenda item on update from participants on topics of interest for ILMERAC, because there were no other items raised for our agenda.

For tomorrow, very grateful if you could connect on time; our technical colleagues Alberto and Leo are prepared to make all connections from 11:30 (CEST) onwards, i.e. 30 min before the start of the conference. Hope everything will run smoothly tomorrow,

Best regards,
Djien
