Government technology news unfolds quickly. Stay in the know.

—
Dear Ryan,

As an individual who works in government technology, we'd like to tell you more about our public sector technology publication, *Nextgov.* *Nextgov* is the leading federal technology website, and a meeting place for government and industry managers to read the latest news and discussions and share insights on deploying IT successfully to achieve agency missions.

Below is a sampling of the different ways you can stay connected with *Nextgov*. Whether it's emerging tech, cybersecurity or updates on federal CIO initiatives, *Nextgov* has you covered on what's happening in the technology across the federal government.

Receive daily news updates

Connect with *Nextgov* to receive news updates

- Nextgov Today Newsletter | Your daily read on what's happening in federal technology
- Nextgov on Facebook | Never miss a story. Follow *Nextgov* and receive updates on federal technology news, right to your newsfeed
- Nextgov on LinkedIn | Stay connected and network with *Nextgov Fifty* to receive relevant updates on federal agency technology & IT initiatives

Top Articles & Reports on *Nextgov* right

now

- Veterans Affairs to Adopt Same Commercial Health Records Platform as DOD | In a press release, Shulkin said he took the highly unusual step of signing a "determination of findings" in order to issue a solicitation directly to Cerner Corp., which—together with Leidos in a $4 billion contract—is developing DOD's MHS Genesis platform.
- Optimizing the Data Center: How federal agencies squeeze savings from smart consolidation | In this eBook, Nextgov looks at the government's progress in closing and optimizing its data centers while exploring a series of use cases among federal agencies and research centers.
